Bringing More Love Into Your Life The Choice Is Yours:

Healing Quest Marie Herbert, 2012-05-31 When her two daughters were approaching the finish of their education Marie Herbert felt the need to mark the end of the child rearing phase of her life by a rite of passage a way to find herself a new place in the grand scheme of things Long drawn to the Native American spiritual tradition she planned a visit to the United States and an extraordinary journey of personal transformation under the guidance of Native American Healers However the end of her time of motherhood coincided tragically with the sudden death of one of her daughters and so her odyssey was to become far sadder and more urgent than she could have imagined *HEALING QUEST* is the fascinating description of Marie Herbert's inner and outer journey of the heart Vivid portraits of the people she met along the way are combined with honest accounts of the change in her feelings together with ideas about how the readers too may learn from what she experienced and so gain insights into his or own life whether in practical emotional or spiritual terms **Learning to Love** Eileen

Caddy, David Earl Platts, 2018-11-06 An insightful guide for consciously bringing compassion and love into your life Explores feelings attitudes beliefs and past experiences that block us from loving and receiving love Includes deceptively simple yet profound exercises meditations and visualizations to support the exploration of your inner world Explains how these principles and techniques originated in Roberto Assagioli's system of psychosynthesis enriched by the Findhorn experience of living in community Every person is born with the capacity to love Over time however many of us have built barriers within ourselves as a reaction to painful experiences and following these we often develop fears beliefs and behaviors that keep these barriers firmly in place The primary lesson in life is to learn to love and this starts right on our doorstep Often it is self doubt and feelings of unworthiness that hold us back from experiencing all the love around us Only when we start to love and accept ourselves with all that we are can we love others freely and fully Learning to love requires an intention to change and a willingness to take action Once we understand how to work with our doubts and fears and learn how to change our beliefs and behavior our barriers will melt away and we spontaneously open up to connect deeply and harmoniously with the full flow of the river of life In this simple yet insightful guide Eileen Caddy and David Earl Platts detail the down to earth practicalities of exploring feelings attitudes beliefs and past experiences that block us from loving and from receiving love They show how bringing more love into our lives is not a mystery but often a journey back to ourselves and our core values The authors examine the feelings of acceptance trust forgiveness respect opening up and taking risks among others within a framework of compassionate understanding and non judgment Deceptively simple yet profound exercises meditations and visualizations support the reader in examining their inner world and implementing these vital concepts into their lives The teachings in the book are based on popular workshops that Eileen co founder of the Findhorn Foundation Community and David facilitated for years in and outside Findhorn Many of the underlying principles and techniques originate in the system of psychosynthesis devised by Roberto Assagioli Learning to Love invites you to make a free and informed choice to bring
