Coastal Defences of the British Empire in the Revolutionary & Napoleonic Eras Daniel S. MacCannell, 2021-06-30 Far more than an architecture book Coastal Defences of the British Empire 1775 1815 is a sweeping reinterpretation of the Martello towers Grand Redoubts Royal Military Canal and other new defence infrastructure of the Napoleonic War Lavishly illustrated with period maps views portraits cartoons and newly commissioned color photographs it includes not only these structures forerunners and plans that were never executed but also the grand strategy that informed them At its best this saw Britain's position as a vast land battle with the deadly threat of the French held Antwerp navy yards on its own left wing and Lisbon as the enemy's weak left to be turned The book also takes in the astonishingly inventive bold and bloody small boat wars that raged from the Baltic and Channel coast to Chesapeake Bay and Lake Ontario and provides vivid pen sketches of the now obscure and sometimes deeply flawed strategic visionaries engineers inventors and fighting men who held the line as even after Trafalgar the forces of an ever more powerful French empire circled like sharks Along the way it traces a fundamental change in the nature of war and society from a ponderous game of fortresses and colonies played by rulers to murderous foot by foot defence of the whole territory of the nation by both sexes and every social type

Britain at Bay (Classic Reprint) Spenser Wilkinson, 2015-07-07 Excerpt from Britain at Bay I do not believe in the perfection of the British constitution as an instrument of war it is evident that there is something in your machinery that is wrong These were the words of the late Marquis of Salisbury speaking as Prime Minister in his place in the House of Lords on the 30th of January 1900 They amounted to a declaration by the British Government that it could not govern for the first business of a Government is to be able to defend the State of which it has charge that is to carry on war Strange to say the people of England were undisturbed by so striking an admission of national failure On the 16th of March 1909 came a new declaration from another Prime Minister About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
