Britain 1945 1970

Leonard Ashley Monk

Britain 1945 1970:

Britain, 1945-1970 Leonard Ashby Monk, 1976 **A Bibliography of British History, 1914-1989** Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index Counting Religion in Britain, 1970-2020 Clive D. Field, 2021-12-09 Counting Religion in Britain 1970 2020 the fourth volume in the author's chronological history of British secularization sheds significant new light on the nature scale and timing of religious change in Britain during the past half century with particular reference to quantitative sources Adopting a key performance indicators approach twenty one facets of personal religious belonging behaving and believing are examined offering a much wider range of lenses through which the health of religion can be viewed and appraised than most contemporary scholarship Summative analysis of these indicators by means of a secularization dashboard leads to a reaffirmation of the validity of secularization in its descriptive sense as the dominant narrative and direction of travel since 1970 while acknowledging that it is an incomplete process and without endorsing all aspects of the paradigmatic expression of secularization as a by product of modernization *Britain, 1945-1970* Leonard Ashley Monk, 1976 **The Battle for the Roads of Britain** David Taylor, Keith Laybourn, 2016-01-12 Policing in Britain was changed fundamentally by the rapid emergence of the automobile at the beginning of the twentieth century This book seeks to examine how the police reacted to this challenge and moved to segregate the motorist from the pedestrian in an attempt to eliminate the road holocaust that ensued *The Rise and Fall of the British Welfare State* Pat Thane, 2024-09-19 For the past decade at least 25% of the UK population and 30% of children have been in poverty by internationally accepted measures and the numbers keep rising In *The Rise and Fall of the British Welfare State* Pat Thane analyses the history of state welfare in Britain from 1900 and sheds light on its aims achievements and failings Beginning with the poverty surveys of Booth and Rowntree and the implementation of early welfare measures such as free school meals Thane offers a vivid snapshot of social welfare in Britain c1900 and the growing demands for improved welfare provisions Taking readers through the significant social reforms of the First and Second World Wars the making of the modern welfare state 1945 51 and its subsequent shifts due to rapidly evolving social policies Thane ends with austerity and the COVID 19 pandemic bringing the scholarship up to the present day and drawing striking parallels with Britain c1900 By placing a major current issue within its historical context Thane explores the shifting administration of the welfare state and adjusts misconceptions about the implementation of social policy particularly during the 1970s and 1980s Thane offers readers a comprehensive study of British social measures during the 20th and 21st centuries highlighting how and why poverty rates are rising once more and examining how the future of social policy could enact greater change **Defending Ireland** Eunan O'Hallpin, 1999-07-22 This fascinating and original book is

the first to analyse the evolution of internal security policy and external defence policy in Ireland from independence to the present day Professor O Halpin examines the very limited concept of external defence understood by the first generation of Irish leaders going on to chart the state's repeated struggles with the IRA and with other perceived internal and external threats to stability He explores the state's defence and security relations with Britain and the United States and drawing extensively on newly released records he deals authoritatively with problems of subversion espionage counterintelligence and codebreaking during the Second World War In conclusion the book analyses significant post Second World War developments including anti communist co operation with Western powers the emergence of UN service as a key element of Irish foreign and defence policy the state's response to the Northern Ireland crisis since 1969 and Ireland's difficulties in addressing the collective security dilemmas facing the European Union in the post Cold War era It is essential reading for anyone wishing to understand the development of independent Ireland since 1922

Tuberculosis in the World Anthony M. Lowell, 1976

The Political Economy of Media and Power Jeffery Klaehn, 2010 The Political Economy of Media and Power is a highly interdisciplinary and innovative edited collection bringing together a diverse range of chapters that address some of the most important issues of our times Contributors cut through media spectacle and make visible the intersections between mass media and the politics of power in the contemporary social world The book is intended to foster critical pedagogy chapters explore ways in which media connect with a broad range of topics and issues including globalization war and terrorism foreign affairs democracy governmental relations the cultural politics of militarization gender inequality and the sexist saturation of the public sphere media representations of women media spin and public relations within the broader context of corporate and ideological power The volume features notable contributors including a preface by Cees Hamelink an introduction by David Miller and William Dinan and chapters from Justin Lewis Robin Andersen Henry Giroux James Winter Robert Jensen Stuart Allan Richard Keeble Yasmin Jiwani David Berry Gerald Sussman and Andrew Mullen

Tuberculosis Then and Now Flurin Condrau, Michael Worboys, 2010 One third of the world's population is currently infected with the TB bacillus and up to ten percent of these individuals will go on to develop tuberculosis Today the disease is most prevalent in Africa and South Asia but a century and a half ago it was the largest single cause of death in Europe and North America In Tuberculosis Then and Now leading scholars and new researchers in the field reflect on the changing medical social and cultural understanding of the disease and engage in a wider debate about the role of narrative in the social history of medicine and how it informs current debates and issues surrounding the treatment of tuberculosis and other infectious diseases Through a case study of the history of tuberculosis and its treatment this collection examines medicine and health care from the perspectives of class race and gender providing a challenging and refreshing addition To The field of bacteria centred accounts of the history of medicine Contributors include Peter Atkins University of Durham David Barnes University of Pennsylvania Alison Bashford Harvard and University of Sidney Tim Boon Science Museum London Linda

Bryder University of Auckland Flurin Condrau University of Manchester Jorge Molero Messa Universitat Aut noma de
