Britain At The Polls 2001 Pb 2002:

The Political Marketing Revolution Jennifer Lees-Marshment, 2004-10 This book shows how British politics is being transformed from a leadership run system to one dictated by public needs and demands No longer confined to party politics organizations including the monarchy the BBC universities local councils charities and the Scottish Parliament are adopting the tools of market intelligence to understand their market needs and demands The political marketing revolution raises many questions such as whether the student or patient really does know best and can decide his own education and health care The book calls for a debate about the movement of the British political system towards a market orientation and a renegotiation of the relationship between leaders and the market While recognizing the need for political leaders to listen this debate places some responsibilities on the political consumer looking to create a new relationship that might work more effectively for both sides

Reconstructing Conservatism? Richard Hayton, 2017-10-03 Why did it take the Conservative Party so long to recover power After the landslide defeat in 1997 why was it so slow to adapt reposition itself and rebuild its support How did the party leadership seek to reconstruct Conservatism and modernise its electoral appeal Of vital interest to anyone interested in British politics this highly readable book addresses these questions through a contextualised assessment of Conservative Party politics between 1997 and 2010 It traces debates over strategy amongst the party elite and scrutinises the actions of the leadership It also considers four particular dilemmas for contemporary Conservatism European integration national identity and the English Question social liberalism versus social authoritarianism and the problems posed by a neo liberal political economy The book argues that the ideological legacy of Thatcherism played a central role in framing and shaping these intraparty debates and that an appreciation of this is vital for explaining the nature and limits of the Conservatives renewal under Cameron

Elite Statecraft and Election Administration T. James, 2012-07-31 The way in which elections are run is changing as radical reforms or experiments have been introduced across the world This book establishes why election administration might be used by political elites to win and maintain power It identifies the role of elite interests in shaping election administration in USA UK and Ireland

The British Conservative Party and One Nation Politics David Seawright, 2010-01-01

Sleep and Society Simon J. Williams, 2013-04-03 First sociological examination of sleep Author is a key figure internationally in medical sociology

English and British History in 100 Bite-size Chunks Paul Hodson, 2020-08-25 Very often history is thought of as that lesson we suffered through at school made into boring facts and figures rather than the rich and interesting tales that actually comprise it In *English and British History in 100 Bite size Chunks* history is enlivened and broken down into readable chunks that anyone can read and learn at their leisure Beginning at the beginning with the physical formation of these lands it ends where we are now with our current lifestyle government society beliefs complexities fears and hopes It charts the development of England's characteristics through the great and the good and ordinary men and women those who often get the glory and those who lived lives more hidden from history's

storytellers It brings to life people places events and ideas and successes and failures This is not a story of England in splendid isolation but a more rounded picture touching on the influences from and on other places and nations for good or bad near and far in geography and time 100 Bitesize Chunks are followed by a recognition of historic themes and some conclusions and just a glimpse of the possible future history of a nation A commentary on history itself how we know how history works what we think of it and how we care for it or don t care for it this book is an encouragement to study history actively through the evidence we can see and touch and interpret in museums and in its real locations Ideal for anyone returning to history or for an enthusiast International Affairs ,2003 Opposing Europe?: The Comparative Party Politics of Euroscepticism Aleks Szczerbiak,Paul Taggart,2008 This set provides a comprehensive review of Euroscepticism in contemporary European politics Leading scholars address the strength and breadth of Euroscepticism across a range of EU member and candidate states and draw out comparative lessons on the nature of political parties and party systems
