reference to historiography

An Oxford Companion to the Romantic Age Iain McCalman, Jon Mee, Gillian Russell, Clara Tuite, 1999-07-01 For the first time in this innovative reference book the Romantic Age is surveyed across all aspects of British culture rather than in literary or artistic terms alone The Companion's two part structure presents forty two essays on major topics by leading international experts cross referenced to an extensive alphabetical section covering all the principal figures events and movements in the broad culture of the period Aimed at students and general readers as well as scholars the essays constitute an accessible pluralistic and modern social history of the epoch the alphabetical entries can either be used alongside them for deeper information on specific subjects or as a free standing reference tool The volume as a whole

embraces both high and low culture and explores its subject across the whole breadth of England Scotland Wales and Ireland The book s multi disciplinary approach treats Romanticism both in aesthetic terms its meaning for painting music design architecture and above all literature and as a historical epoch of revolutionary transformations which ushered in modern democratic and industrialized society In this period Wedgwood turned taste into a commercial enterprise Pierce Egan took Britain by storm with his sensational accounts of low life in the capital and Mary Shelley created in Frankenstein one of the enduring myths of scientific advance The Companion revitalizes canonical Romantic figures in the context of the historical events political and linguistic debates commercial pressures and plebeian subcultures of their day as well as bringing back into historical focus individuals and events whose impact has often been muffled or forgotten With over 100 integrated illustrations bibliographies accompanying all the major essays and an index to Part 1 this is the most comprehensive volume of its kind offering a unique breadth of information to scholars and students of eighteenth and nineteenth century British culture literature and history EDITORIAL BOARD John Brewer University of California Marilyn Butler Exeter College University of Oxford James Chandler University of Chicago Jerome J McGann University of Virginia Charlottesville Mark Philp Oriel College Oxford Robert Webb University of Maryland

Ireland and Empire in the Late Nineteenth Century

Fergal O'Leary, 2023 This book examines the place of imperialism in the cultural political and economic life of late nineteenth century Irish society It highlights the tensions which arose because Ireland was at the same time both a colonial subject of Britain yet also shared aspects of the imperial culture which was being formed during this period It considers how Empire seeped into everyday Irish life explores how Irish men and Irish women were intimately bound up with British expansionism with imperial achievements and setbacks enthusiastically covered in many national and local newspapers and discusses how Irish politicians and students vehemently debated imperial matters in public It addresses key questions including What were the similarities and differences with Britain s imperial experience Was there a general awareness and understanding of the implications of British overseas expansion How was Ireland s ambiguous role in Britain s imperial enterprise perceived did the Irish regard themselves as empire makers opponents of British national chauvinism or occupying a more neutral role Overall the book provides a nuanced analysis of the impact of the British Empire in Ireland demonstrating how the Empire was central to Ireland s late nineteenth century historical experience for nationalists and unionists alike
