British Paediatric Association Manual On Infections And Immunizations In Children:

British Paediatric Association Manual on Infections and Immunizations in Children British Paediatric Association, 1989 This handbook was initiated by the British Paediatric Association's Standing Committee on Immunization and Vaccination because of concern about the continuing morbidity of childhood infectious disease and the unsatisfactory uptake of immunization in the United Kingdom The authors all with special interests or experience in childhood infections and immunization provide authoritative summaries of the important childhood infections and give practical advice on current immunization and treatment While it is appropriate reading for pediatricians it is aimed particularly at the general practitioners clinical medical officers and nurses who see these infections at first hand and who carry out most childhood immunization Its size should make it particularly useful for the mobile doctor or nurse who needs a quick reference book to provide answers to the questions that crop up in their everyday work

British Paediatric Association Manual on Infections and Immunizations in Children British Paediatric Association, 1991 This handbook provides an authoritative summary of the important childhood infections and gives simple practical advice on current immunization and treatment It is aimed in particular at family practitioners clinical medical officers and nurses who see these infections and who carry out childhood immunizations It is also appropriate for pediatricians This new edition has been thoroughly revised and updated The treatment of meningitis and of bone and joint infections have been added to the clinical problems listeriosis and cryptosporidia have been added to the diseases covered There are new sections on the handling of vaccines and on parental counseling There is also a question and answer section on practical immunization
