British Economic Performance 1945 1975

**R. C. Richardson, William Henry
Chaloner**

British Economic Performance 1945 1975:

British Economic Performance 1945-1975 B. W. E. Alford, 1995-09-14 The debate over Britain in Decline is one that still rages in the academic political and public spheres In this concise study B W E Alford takes issue with those economists who have a mechanistic approach to the subject Instead he examines Britain s economic development since the Second World War within a wider framework of political social and cultural factors He discusses topics such as post war reconstruction the theory of too few producers the alleged process of de industrialisation the role of sterling business organisation and management labour relations and the impact of government policy on Britain s economic development Professor Alford provides a clear introduction to the subject along with a survey of recent literature yet shows how complex and deep rooted are the causes of the British Disease

Britain in the World Economy since 1880 Bernard W.E. Alford, 2014-06-06 Bernard Alford reviews the changing role and diminishing influence of Britain within the international economy across the century that saw the apogee and loss of Britain s empire and her transformation from globe straddling superpower to off shore and indecisive member of the European Community He explores the relationship between empire and economy looks at economic performance against economic policy and compares Britain through and beyond the Thatcher years with her European partners America and Japan In assessing whether Britain s economic decline has been absolute or merely relative he also illuminates the broader history of the world economy itself

The British Economy since 1914 Rex Pope, 2014-06-11 An up to date short study which examines the key debates on British economic performance since 1914 Rex Pope considers the indicators and measures involved in assessing economic performance and then looks at issues affecting the economy such as the role of government British entrepreneurship the state of world markets the effect of the two world wars and the importance of cultural attitudes towards industry

The Economic History of Britain Since 1700 Roderick Floud, Deirdre N. McCloskey, 1994-08-18 The most up to date and comprehensive survey of recent British economic history currently available

British Economic and Social History R. C. Richardson, William Henry Chaloner, 1996

Britain's Productivity Problem, 1948-1990 M. Bufton, 2004-06-30 This volume examines attempted changes to industrial relations in Britain during 1948 1990 designed to promote institutional reforms of management and trade unions Specific focus is given to the Donovan Commission and other trade union reforms and incomes policies to connect pay more tightly with productivity International initiatives of the AACP BPC and EPA are also included

Modern Britain Sean Glynn, Alan Booth, 2020-08-17 Modern Britain focuses on two major periods of British history the interwar period and postwar Britain The authors compare and contrast developments in the two periods dealing with the themes of growth and welfare industry labour social policy the economy Combining a narrative with a conceptual and analytic approach Modern Britain provides an end of century review of progress and decline and an essential background to current polemics and major issues of concern Clearly structured and written this is an invaluable textbook for students of twentieth century British history

World Economic Historical

Statistics Carlos Sabillon, 2005 Since the earliest of times human beings have endeavored to uncover the causes of prosperity History is the best tool that society possesses for identifying and analyzing the factors that contribute to economic growth yet economic statistics that lend themselves to comparison are hard to come by Even academics who specialize in individual countries almost never present a set of statistics covering the whole 20th century and for the previous centuries the data is even more chaotic Here for the first time the economic statistics of the world are presented in a rationalized format that allows for an easy comparison across countries and through time Part One analyzes the most relevant ideas and theories that have been considered as causal variables of economic growth It summarizes these ideas pedagogically and tests them against the historical data The results of such analyses are highly troubling because they reveal an absence of correlation between theory and reality Part Two presents a collection of statistics illustrating the development of the world economy during the last centuries The data was extracted from economic history and economic history books from the publications of the World Bank the Organization for Economic Cooperation and Development the International Monetary Fund the World Trade Organization the United Nations specialized agencies research institutes and country statistical publications and other books and journals Analyzing the data over geography and time Sabillon concludes that contrary to contemporary wisdom left to market forces alone the economy will not and does not flourish The factors that cause growth he says still need to be studied with a fresh eye This orderly and consistent presentation of statistics may be just the tool that helps future economic theorists to identify a reliable path to sustained growth This analysis of the long term historical development of the nations of the world is the culmination of a fourteen year research project funded in part by the Swiss National Fund for Scientific Research the Graduate Institute of International Studies in Geneva Switzerland and by the Geneva Business Institute Carlos Sabillon has an advanced degree from the Institute of International Studies Geneva Switzerland in Economic History His book *Manufacturing Technology and Economic Growth* was published by M E Sharpe Inc 2000 **Britain in the 1970s**

Richard Coopey, Nicholas Woodward, 2025-06-01 *Britain in the 1970s* 1996 provides an objective appraisal of the workings and failings of the British economy in the 1970s Seen as a turning point in the postwar economy the 1970s have come under increasing attention from historians economists and political scientists By examining the decade from a number of directions this book confronts debates about for example the decline of economic performance the origins of monetarism and deregulation the role of inflation and the importance of external forces in shaping the British economy Other issues addressed include the development of economic opinion industrial policy mergers and acquisitions union relations entry into the Common Market and the defence economy *A Social History of England 1851-1990* Francois Bedarida, 2013-06-17 In this the second edition of *A Social History of England* Francois Bedarida has added a new final chapter on the last fifteen years The book now traces the evolution of English society from the height of the British Empire to the dawn of the single European market Making full use of the Annales school of French historiography Bedarida takes his inquiry beyond

conventional views to penetrate the attitudes behaviour and psychology of the British people

Whispering the Secrets of Language: An Emotional Quest through **British Economic Performance 1945 1975**

In a digitally-driven earth wherever screens reign supreme and instant communication drowns out the subtleties of language, the profound strategies and psychological nuances concealed within words usually go unheard. Yet, located within the pages of **British Economic Performance 1945 1975** a charming literary treasure sporting with organic emotions, lies an extraordinary journey waiting to be undertaken. Penned by a skilled wordsmith, that marvelous opus encourages viewers on an introspective journey, lightly unraveling the veiled truths and profound affect resonating within ab muscles material of each and every word. Within the mental depths of this poignant review, we will embark upon a genuine exploration of the book is primary subjects, dissect its interesting writing type, and succumb to the effective resonance it evokes serious within the recesses of readers hearts.
