

BRITTEN & AUDEN IN THE THIRTIES *THE YEAR 1936*

DONALD MITCHELL

Foreword by Alan Hollinghurst

Britten And Auden In The 30s

Keith Williams, Steven Matthews

Britten And Auden In The 30s:

Britten and Auden in the thirties Donald Mitchell,1979 Britten and Auden in the Thirties Donald Mitchell,2000

These lectures were notable for their first ever access to Britten's private diaries which he kept on a daily basis in the thirties and a revealing portrait emerges of the two men's relationship of their work together in many different fields and the politics of the day and their appalled response to the rise of Fascism in Europe **BOOK JACKET** **Britten Experienced** Peter

Franklin,2024-03-07 Who writes the books we read about music that excites us and why Is classical music all about class

Related questions underpin this partly polemical study written by an academic who believes that the Humanities to be really humane must confront their methods and aims Two recent studies of Benjamin Britten have specifically interested the author who was educated in a world where the composer was a living subject of criticism and praise his works reflecting values worries and dramas that were not just about music Franklin's response is to question the recent writers proposing that like theirs his own story conditioned when and how he experienced Britten This he unfolds autobiographically in and around the discussion of specific works Recalling his encounters with the composer as a schoolboy as a student and opera goer and then as a teacher he challenges recent assertions about Britten and modernism in the period **Rewriting the Thirties** Keith

Williams,Steven Matthews,2014-09-25 Rewriting the Thirties questions the myth of the anti modernist decade Conversely the editors argue it is a symptomatic transitional phase between modern and post modern writing and politics at a time of cultural and technological change The text reconsiders some of the leading writers of the period in the light of recent theoretical developments through essays on the ambivalent assimilation of Modernist influences among proletarian and canonical novelists including James Barke and George Orwell and among poets including Auden MacNeice Swingler and Bunting and in the work of feminist writers Vera Brittain and Winifred Holtby In this substantial remapping the complexity and scope of literary critical debate at the time is discussed in relation to theatrical innovation audience attitudes to the mass medium of modernity cinema the poetics of suburbia consumerism and national ideology as well as the discursive strategies of British and American documentarism **Britten's Century** Mark Bostridge,2013-06-20 2013 marks the centenary of the

birth of Benjamin Britten Here is an outstanding collection of essays to mark the event Britten's Century considers various aspects of Britten's life and work The book is written by biographers performers and music critics Here is a wealth of subject matter Britten's operatic output his orchestral works his contribution to the revival of English song Biographically this book moves on beyond the relationship with Peter Pears and the salacious speculation about his infatuation with various boys to a consideration of Britten's experience as a homosexual man living in a largely homophobic society Another area here which is often overlooked is the view of Britten from outside the British Isles the USA and Italy where his operas have long been extremely popular **On Mahler and Britten** Philip Reed,1995 In February 1995 Donald Mitchell the foremost authority

on the life and works of Gustav Mahler and Benjamin Britten celebrated his seventieth birthday To mark this event the

present Festschrift has been compiled under the editorship of Philip Reed Distinguished composers scholars colleagues and friends from around the world have written on aspects of the two composers closest to Mitchell's heart Mahler and Britten to produce a volume which not only reflects some of the latest thinking on this pair of remarkable figures in the music of our century but which also pays full tribute to the impact of Mitchell's own work on these composers over the last fifty years The volume includes the fullest bibliography of Mitchell's writings yet compiled

Rethinking Britten Philip Rupprecht, 2013-09-19 This book offers a new account of the composer's enduring popularity 12 essays by a group of leading senior and emerging scholars offer fresh historical and interpretive contexts for all phases of Britten's career

The Music of Lennox Berkeley Peter Dickinson, 2003 Fully revised edition of Peter Dickinson's acclaimed study of one of the great British composers of the twentieth century Sir Lennox Berkeley 1903 1989 was one of the leading British composers of the mid twentieth century and his music has unique qualities which will ensure its survival far beyond transient fashions Peter Dickinson knew Berkeley for more than thirty years and this much enlarged book places the composer in the context of his extended study with Nadia Boulanger his friendship with Britten and the achievement of an independent voice of remarkable distinction The new book now benefits from interviews with Lady Berkeley Michael Berkeley Julian Bream Colin Horsley Sir John Manduell Nicholas Maw Malcolm Williamson and the late Basil Douglas Desmond Shawe Taylor and Norman del Mar There are photographs a full list of works bibliographies and over a hundred musical examples

PETER DICKINSON is Head of Music at the Institute of United States Studies at the University of London and an Emeritus Professor of the Universities of Keele and London

The Cambridge Companion to Benjamin Britten Mervyn Cooke, 1999-06-28 The Cambridge Companion to Benjamin Britten is a comprehensive guide to the composer's work aimed both at the non specialist and music student It sheds light on both the composer's stylistic and personal development offering new interpretations of his operatic works and discussing his characteristic working methods Topics treated here in detail for the first time include Britten's work in the cinema in the 1930s his lifelong pacifism and his strong interest in the music of the Far East other chapters include reassessments of his relationship with W H Auden and his attitude towards childhood comprehensive analyses of major works and a concise history of the Aldeburgh Festival A distinguished team of contributors include some who worked with the composer during his lifetime as well as leading

representatives of the younger generation of Britten scholars on both sides of the Atlantic
